This is an an Armorer's Course designed for those assigned to the agency's armory responsible for maintaining maintenance of launchers. This is a hands on course focusing on repair of Penn Arms 37mm and 40mm single and multi-pump launchers. The course includes basic troubleshooting and repairs of the launchers. This course is needed to perform repairs without voiding launcher warranty. Agencies attending should bring a Penn Arms launcher to work on. This course is Penn Arms specific. If the agency uses a Spring Wound Multi-shot launcher, they should contact [training@combinedsystems.com](mailto:training@combinedsystems.com) to set up additional training.

## Equipment Needed:

- Attendees are encouraged to bring launcher(s) in need of repair to work on them
